YOU WANT TO **ORCHESTRATE , CONNECT**
AND **FLEXIBLY EXPAND** YOUR AGV SYSTEM
TODAY AND IN THE FUTURE?

Automate now scalable and future-proof
and take a look at the **module overview**
of our AGV control system.

A large, thick blue arrow is positioned in the bottom right corner of the slide, pointing downwards and to the right. The background of the slide is a solid yellow color.

INDIVIDUAL, FLEXIBLE AND SCALABLE

The movizon CONTROL module overview

movizon CONTROL is based on a modular structure.

A distinction is made between standard and customer-specific modules. It is possible at any time to expand the scope of the modules. In this way the functional reach of your software can be flexibly expanded and extended.

Take a look at our module variety!
Simply **move the mouse** over a module to find out more.
